School Holiday Science Workshops

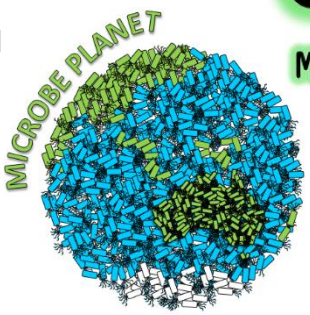

Quantal Bioscience

Science for Real

ABN: 13 608 994 387

Are you a student who loves science? Our Science for Real workshops in the June/July school holidays are now open for registrations. All of our workshops are led by real microbiologists. Students receive genuine, hand-on science experience!

CSI: MICROBIOLOGY

OF MICROBES AND MINERALS

Students in **Years 3-6** can meet their microbial minions in our **Microbial Me** workshop! They'll discover they are mostly microbes, spawn their own minions and build and blast a biofilm.

Students in **Years 3-6** can delve deep into the amazing microbial ecosystem that is Planet Earth in our **Microbe Planet** workshop, and discover more about the hidden microbial worlds in pond water, in soil or on plants.

Students in **Years 5-8** can join the microbiologists in **CSI: Microbiology** to investigate a foodborne disease outbreak – which food did it? Plus, we'll introduce you to the fascinating field of microbial forensics - you'll be amazed how the microbes on the bottom of your shoes can reveal all about where you've been!

In **Of Microbes and Minerals**, students in **Years 3-6** can learn how microbiologists classify cells and mineralogists classify crystals, and try out your new skills to identify a mystery specimen. Then join us as we explore the close connections between microbes and minerals, through the science of geomicrobiology; we'll travel from Earth to Mars and beyond, make your own microbe fossils and more…

Date	Workshop	Location (NSW)
Tues 27th June	**Microbial Me (Yr 3-6)**	St Ignatius' College, Regis Campus, Lane Cove
Wed 28th June	**Microbe Planet (Yr 3-6)**	St Ignatius' College, Regis Campus, Lane Cove
Fri 30th June	**CSI: Microbiology (Yr 5-8)**	The King's School, North Parramatta
Thurs 13th July	**Microbe Planet (Yr 3-6)**	The King's School, North Parramatta
Fri 14th July	**Of Microbes and Minerals (Yr 3-6)**	The King's School, North Parramatta

All workshops run from 9.30 am – 3 pm each day.

To book, head to our webpage, www.quantalbioscience/science-for-real/ or email contact@quantalbioscience.com.
